

How to Earn Rewards with Store Deals and Campaigns

If you have installed the Loyal-n-Save app, you earn loyalty reward tokens whenever you make qualifying purchases from your favorite stores. You can participate in deals in which you can earn more than 10x the reward tokens.

How to Earn Rewards from the App

The more you shop, the more chances there are of earning reward tokens on all your qualified purchases. The best thing about the Loyal-n-Save premium loyalty card is that it allows you to personalize your experience and choose a particular way you want to redeem your reward tokens. It can enable you to enjoy rewards you actually want instead of opting for those you don't.

Using the app or online dashboard, you can select deals you want to participate in, view your rewards token balance, and redeem reward tokens once you have reached the required amount limit. Reward tokens can be exchanged either for in-store cash, coupons, or for exclusive merchandise from the online Swag Shop. With Loyal-n-Save, you can get rewarded just by buying the things you need.
