

How To Turn On Store Notifications

Through The Loyal-n-Save App

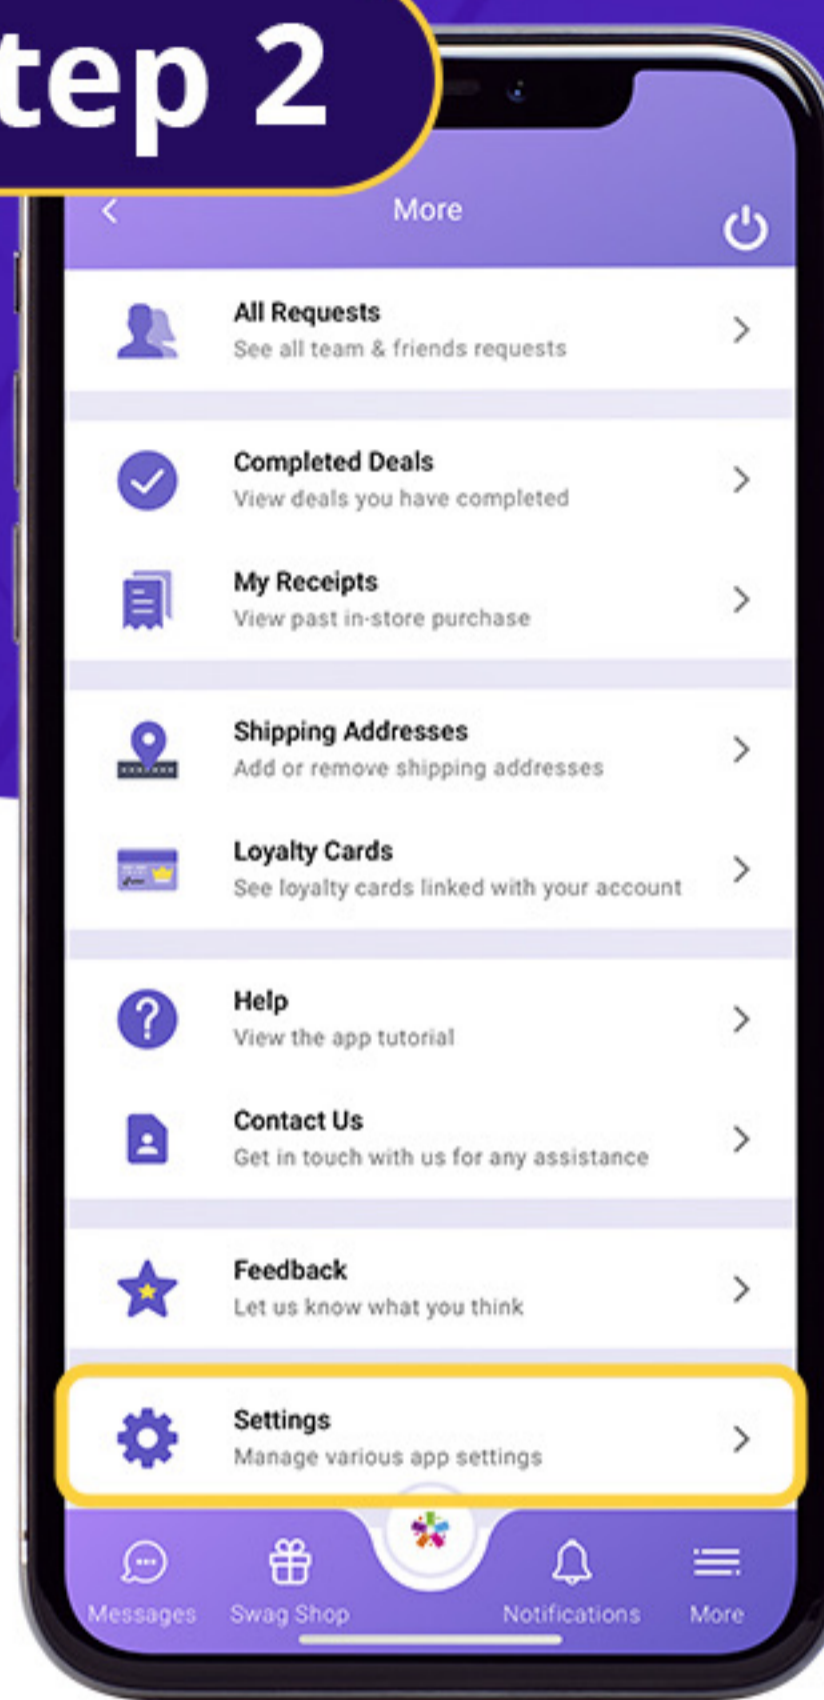

Step 1

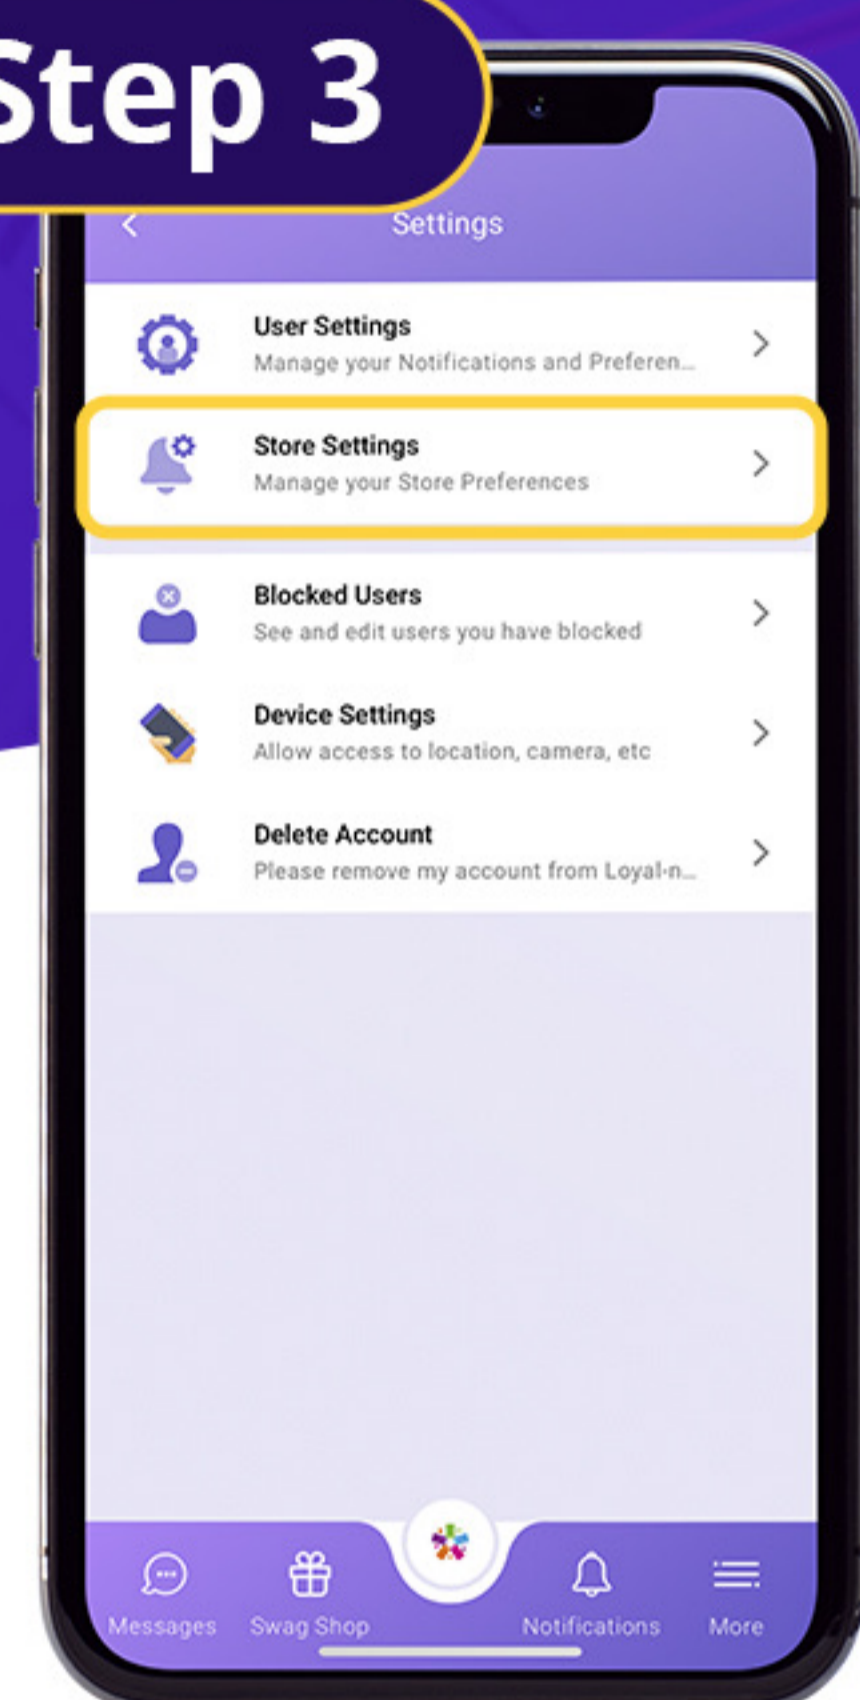

Open the Loyal-n-Save app & click on **more**.

Step 2

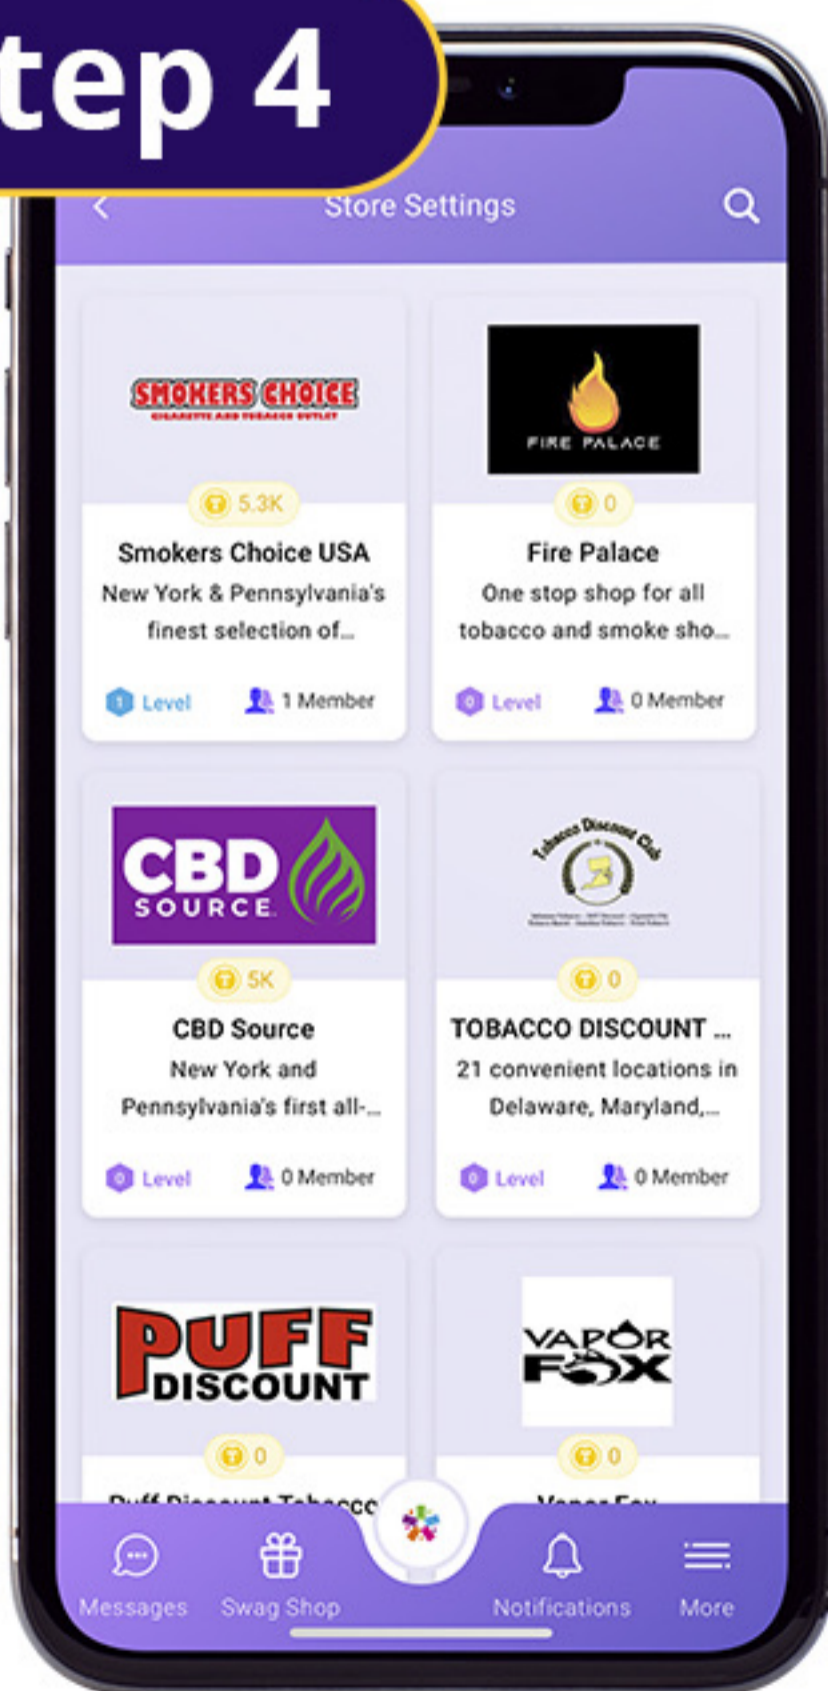

Click on the **settings** option.

Step 3

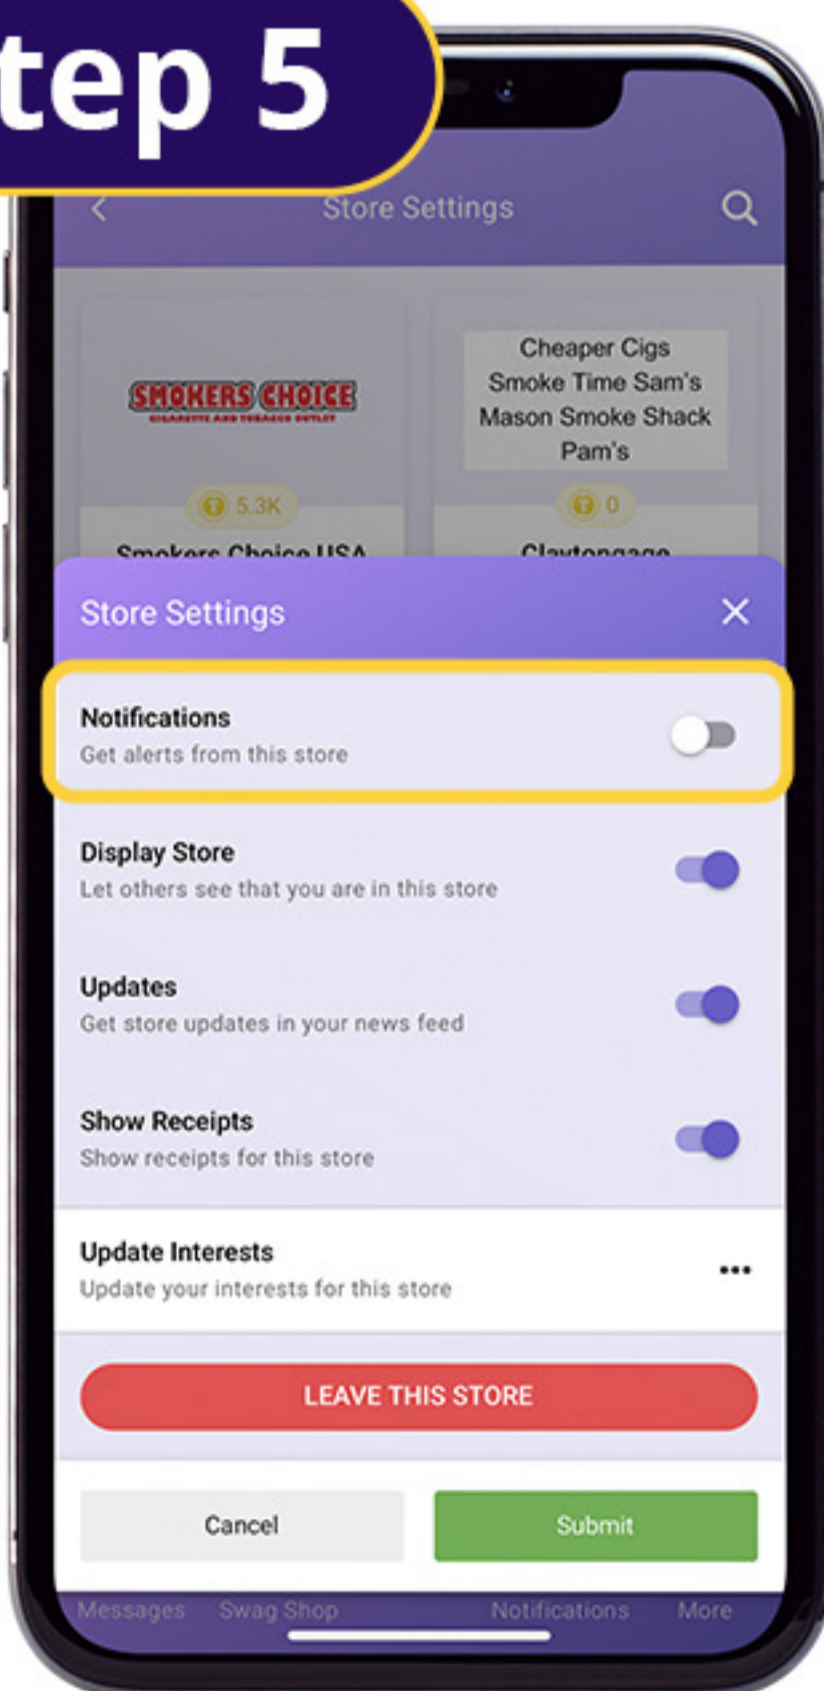

Click on **store settings**.

Step 4

Choose the store that you want to adjust settings to.

Step 5

Toggle on the **notifications** option & click **submit**.

After you click submit, you'll start receiving push notifications and emails for new store deals, store coupons, and more.

You can turn on notifications from as many stores in Loyal-n-Save as you'd like.

**When you toggle on updates, you will also receive the alerts within the app on your newsfeed. Learn more by scanning the QR code below.*
